

## Date to Remember

- Wednesday, November 14, 7 p.m., Gallery, Memorial Union, Fall 2007 Sigma Xi Lecture: *How Did Petroleum Source Rocks Accumulate? Insights from Deep-Sea Sediments*, Philip A. Meyers, University of Michigan.

## New Patent

To Suraj Kothari and Yogy Namara, ECpE, and Aravind Krishnaswamy and Yunbo Deng, formerly ECpE, *Integrated Interactive Software Visualization Environment*, Patent No. 7,174,536

## Welcome

- David Garcia-Tapia, assistant professor of veterinary pathology, from the University of Missouri-Columbia.
- Steve Carlson, associate professor of biomedical sciences, from NADC.
- Ravindra Singh, associate professor of biomedical sciences, from the University of Massachusetts Medical Center.
- Mehrdad Ameri-Mahabadi, assistant professor of veterinary diagnostic and production animal medicine, from Kansas State University.
- Karl Kraus, professor of veterinary clinical sciences, from Tufts University.
- Bonnie Kraus, clinician in veterinary clinical sciences, from Tufts University.
- Nicolas Berryessa, clinician in veterinary clinical sciences, from UC-Davis.

## GoldSheet Changes Coming November 1

As of November 1, 2007, the GoldSheet will capture the data needed to distribute IDC revenues under the new budget model (Resource Management Model - RMM). The VPR/ED's Office has made some changes to the GoldSheet to assist the PIs as well as the budget administrators/grant coordinators and fiscal officers in providing the needed information for the appropriate IDC distribution.

## Update Your GoldSheet Profile

**Each PI should review his/her profile in the GoldSheet system to make sure the departmental affiliation is current and consistent with the new GoldSheet.**

Information about your departmental affiliation is automatically added to the GoldSheet from your profile. If the department name in your profile is not consistent with or does not reflect the most relevant affiliation for that particular proposal, you may make the change on the GoldSheet. You will need to adjust your profile if you want to make the changes permanent. Please check the GoldSheet FAQ's <http://www.ospa.iastate.edu/ProposalProcess/eGoldSheetFAQ.aspx> for more information on how to modify your profile to relect appropriate department names.

## CEAH Fellowships Awarded

The Center for Excellence in the Arts and Humanities (CEAH) has awarded five Fellowships for Scholarly and Creative Activity from the fall round of applications. The following faculty will receive Fellowships in FY08:

April Eisman, Art and Design, *Neo Rauch and the "New Leipzig School" in Context*

Jean Goodwin, English, *Dilemmas of Expertise: The Rhetorical Design of Appeals to Authority*  
Sara Marcketti, AESHM, *Design Piracy: Examination of Design Patents from 1890-1941*

Linda Shenk, English, *Elizabeth I, Learned Queen: Sovereignty, Court Poetry, and International Politics*

Kristin VanderLugt, World Languages and Cultures, *The Return of the Haunted Screen: The German Horror Film after 1945*

The spring semester applications for CEAH FY08 Fellowships in Scholarly and Creative Activity are due in 171 Carver Hall on February 5<sup>th</sup>, 2008. See [www.iastate.edu/~ceah/fellowships.htm](http://www.iastate.edu/~ceah/fellowships.htm) for more details.

# Recent Sponsored Funding Awards

October 26, 2007

- To Paul Gallagher, Econ, *Analysis of the External Benefits of Ethanol and Biodiesel in the United States* from the USDA, \$65,029
- To X. Bing Yang, Plant Path, *Dynamic Models for Seasonal Disease Prediction of Soybean Rust in the United States Soybean Production Regions* from the Iowa Soybean Association, \$73,900
- To David Engle, NREM, and Jonathan Wendel, EEOB, *Collaborative Research: Effects of Species on Forest Carbon Balances in Lowland Costa Rica* from the National Science Foundation, \$73,691
- To Halil Ceylan, CCEE, and Thomas Maze, CTRE, *Effect of Admixtures on Roller-Compacted Concrete Mixes* from Portland Cement Association, \$95,000
- To Ramesh Kanwar, ABE, *Role of Directly Connected Macropores in Pathogen Transport to Subsurface Drainage* from Oklahoma State University, \$248,261
- To Steven Devlin and Ronald Cox, CIRAS, *Biobased Product Testing and Evaluation for FB4P* from the USDA, \$1,715,001
- To Lisa Brasche, Timothy Gray, Frank Margetan, and Ronald Roberts, CNDE; and R. Bruce Thompson, MSE, *Dual Angle Phased Array Multiple Axis Ultrasonic Testing System-Reliability Calculations and Inspectability Support* from Pratt & Whitney, \$973,718
- To Christopher Seeger, Land Arch, *Mapping Safe Routes to School and Identifying Barriers: A Statewide Online Mapping Evaluation Tool* from the Iowa Department of Transportation, \$26,885
- To Steve Martin, MSE, *Materials World Network: An International Collaborative Educational and Research Program in the Study of Mixed Glass Former Phenomena in Materials* from the National Science Foundation, \$363,000
- To Richard Spoth and Cleve Redmond, PPSI, *Partnership Model for Diffusion of Proven Prevention* from the National Institutes of Health, \$2,399,111
- To Jesse Hostetter and Doug Jones, Vet Path, *Development of a Novel Diagnostic Assay for Mycobacterium Avium Subspecies Paratuberculosis Infection by Rapid Quantification of In Vivo Immune* from the ISU Research Foundation, \$25,000
- To Lee A. Willson, Phys & Astro, *The Mechanism of Mass Loss from Oxygen-Rich AGB Stars* from the National Science Foundation, \$104,913
- To Pal Molian, ME, *Laser Sintering of Thermal Barrier Nanocoatings for Ultra-Low Thermal Conductivity* from Siemens Westinghouse Power Corporation, \$50,000
- To Dong Ahn and Eun Lee, An Sci; and Tony Pometto, FHSN, *Production of Ovotransferrin from Egg White for Antimicrobial Application* from the Iowa Egg Council, \$35,201
- To William Byrd, Aero Eng, *Iowa Space Grant Consortium (Year 18)* from the National Aeronautics and Space Administration, \$390,000
- To Leonor Leandro, Plant Path, *Improving Soybean Productivity Through Knowledge of the Biology and Epidemiology of Soilborne Fungal Pathogen and Soybean Rust* from the Iowa Soybean Association, \$175,000
- To Craig Gundersen, HDFs, and Brent Kreider, Econ, *The Effect of Food Stamps on Child Outcomes* from the USDA, \$140,000
- To Helen Jensen, Econ, *Incorporating Nutrition and Economic Factors into Planning School Lunch* from the USDA, \$213,365
- To Greg Welk, Kinesiology, *Energy Expenditure Validation* from Bodymedia, Inc, \$18,417
